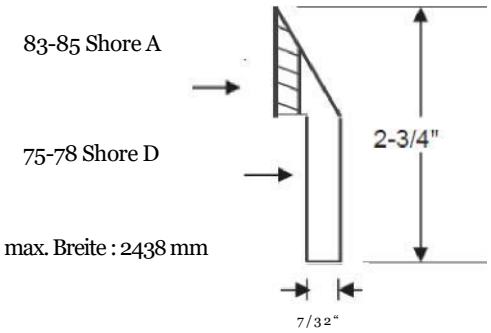
MOVEMENT SYSTEMS

NEW

Belt scraper blue
(Dual durometer design)

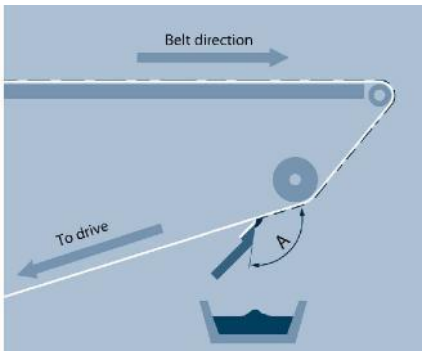


Applications

- Food industry
- Remove product residues
- Cleaning of the belt surface

Properties/Advantages

- Unique dual durometer design:
  =>rigid scraper body/no additional support needed
  =>soft scraper lip/excellent cleaning result also in combination with solft surfaces, preventing material from re-entering the system
- Highly wear resistant
- Minimal stress on the belt joint
- Longer life of belt and splice
- Colour: blue (sky blue)
- Compliant to FDA and EU regulations



Scraper should lightly touch the belt on the return side just after product has been discharged. The angle “A” normally will be between 100 and 120 degrees.
